Professional Learning
Events for Teachers

Terms 1 & 2 2019

The Professional Teachers' Council NSW is an education organisation providing support and services to over 35 professional teachers' associations in New South Wales.

- ▶ **Professional teachers' associations deliver the greatest number and variety of professional learning opportunities to their members.**
- ▶ **PTC NSW is an endorsed NESA provider for all Standards across all levels of accreditation. Our member associations offer NESA accredited, teacher-driven professional learning opportunities across all education sectors in New South Wales.**
- ▶ **PTC NSW provides a free Professional Learning Calendar each semester, accessible to educators. The calendar features quality learning events at affordable prices, delivered by reputable experts through their professional teaching association.**
- ▶ **Become an active member of YOUR teaching association and achieve NESA Standard 7 by engaging professionally with colleagues, parents/carers and the wider community.**

stay connected, join in professional discussions today***

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

FEBRUARY

GEOGRAPHY TEACHERS ASSOCIATION OF NSW & ACT

Geography 101: Concepts, Part 1

Venue: Online event

Audience: Primary and Secondary Teachers

Target Group: K-12

KLA: HSIE

Specialist Area: Geography

Geographical concepts are a foundation for teaching Geography in NSW. This 5-hour NESA accredited course overviews the seven key concepts from the National Curriculum, and gets participants to explore three of them in detail: place, space and environment.

The course is designed for flexible delivery, where participants can start, progress and finish at times convenient to them. Participants engage with previous contributions and contribute themselves - learning in the process, but also adding to the galleries of exemplars and case studies for future participants to review.

Registration online gives immediate access. Email gta.elearning@gmail.com if you have any questions.

Places Available: Unlimited

Cost: \$90

Event Contact: Dr Paul Batten

Phone: 02 9716 0378

Email: gta.elearning@gmail.com

Web: www.openlearning.com/ptc-nsw/courses/geography-101/HomePage

GEOGRAPHY TEACHERS ASSOCIATION OF NSW & ACT

GTA Webinar: Tools and Skills for Primary and Stage 4 Students

Tuesday 19 February, 4.00pm – 5.00pm

Venue: Online event

Audience: Primary and Secondary teachers

Target Group: K-8

KLA: HSIE

Specialist Area: Geography

This course will be presented by Sharon McLean, Vice-President, Geography Teachers Association of NSW & ACT. This course aims to provide professional learning that will enable teachers to enhance their understanding of key geographic tools and skills that are essential to the Stage 1 to Stage 4 Geography syllabus. Key tools such as maps and visual representations will be used to demonstrate skills such as

using different types of maps, locating places using latitude and longitude, area and grid references, scale and direction. Application and interpretation of visual representations will also be covered.

Registration Closes: Friday 15 February

Places Available: 90

Cost: Members and Non Members \$20

Event Contact: Rona Afenir

Phone: 02 9716 0378

Email: gta.admin@ptc.nsw.edu.au

Web: www.gtansw.org.au

MATHEMATICAL ASSOCIATION OF NSW

Topics in Mathematics Standard

Tuesdays 19, 26 February and 5, 12 March, 5.00pm – 7.30pm

Venue: Marist College Eastwood, 44 Hillview Road, Eastwood

Audience: Secondary Teachers

Target Group: 11–12

KLA: Mathematics

Specialist Area: Stage 6 (HSC)

Covering the topics of Statistics and Networks in the new HSC Mathematics Standard course, the course will run as 4 x 2.5-hour evening sessions. This course will suit new teachers of Stage 6 Mathematics Standard as well as experienced teachers who wish to refresh their knowledge of these new syllabus areas.

Registration Closes: Tuesday 12 February unless fully booked prior to this date.

Places Available: 30

Cost: Member \$305, Non-member \$439

Event Contact: Zina

Phone: 02 9715 5800

Email: events@mansw.nsw.edu.au

Web: www.mansw.nsw.edu.au/events/category/topics-in-mathematics-standard

MATHEMATICAL ASSOCIATION OF NSW

Rich Tasks Open Questions

Online Webinar, 4.00pm – 5.30pm

Tuesday 19 February – Session 1

Tuesday 26 February – Session 2

Venue: Online event

Audience: Primary Teachers

Target Group: K-6

KLA: Mathematics

Specialist Area: Primary Mathematics

This course runs over two 90 minute sessions and will investigate ways to develop and implement rich tasks and open questions in the mathematics classroom, to promote

engagement through the proficiencies.

In Mathematics, the key ideas are the proficiency strands of understanding, fluency, problem-solving and reasoning.

Registration Closes: Wednesday 13 February

Places Available: 30

Cost: Members \$133, Non members \$198

Event Contact: Fiona Foley

Phone: 02 9715 5800

Email: primconsultant@mansw.nsw.edu.au

MATHEMATICAL ASSOCIATION OF NSW

Number Talks in the K-6 Classroom

Wednesday 20 February, 8.30am – 3.30pm

Venue: PTC NSW Professional Learning Rooms, 67-73 St Hilliers Rd, Auburn (Cnr Hall and Percy Sts)

Audience: Primary teachers

Target Group: K-6

KLA: Mathematics

Specialist Area: Primary K-6 Mathematics

This one day workshop will look at "What is A Number Talk?" and "How to create a learning environment where all students are encouraged to develop and express their mathematical ideas clearly." The aim of the workshop is to support teachers in building a whole new perspective on mathematics and engaging students in creative, open mathematical thinking by establishing Number Talks in the K-6 classroom. Research by Cathy Humphreys and Sherry Parrish

Registration Closes: Wednesday 13 February

Places Available: 30

Cost: Members \$185; Non members \$258

Event Contact: Fiona Foley

Phone: 02 9715 5800

Email: primconsultant@mansw.nsw.edu.au

EDUCATORS OF DEAF STUDENTS ASSOCIATION NSW

Number Sense for Students with Hearing Loss

Wednesday 20 February – access opens

Venue: Online

Audience: Primary teachers, Support Staff, Parent/ Community Groups

Target group: K-6

KLA: Mathematics

Specialist area: Students with Hearing Loss
Traditionally, Itinerant Teachers of the Deaf predominately used resources with a literacy

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

focus to teach language skills. With the advent of the National Numeracy Progression in schools, the Carramar Hearing Team reviewed their current assessments and found that numeracy concepts underpinned many of the language skills being tested. Consequently, the team undertook a range of professional activities to develop their own knowledge and skills in teaching numeracy and number sense for children who are Deaf/Hard of Hearing. This professional learning has led to a broader approach to teaching language by incorporating numeracy activities in the students' individualised programs. This webinar provides an overview of the evidence and process of using numeracy as an effective language medium.

Online access closes: 30 June 2019

Places available: 300

Cost: \$10 Members, \$30 Non members

ENGLISH TEACHERS ASSOCIATION NSW

Paper 1 HSC Student Day

Friday 22 February, 10.00am – 2.30pm

Venue: University of Sydney: Carslaw, Chemistry, Wallace, Building 23 & Merewether precincts.

Audience: Secondary teachers and students

Target Group: 11–12

KLA: English

Specialist Area: HSC English Paper 1

This event is aimed at reinforcing student learning in the Common Module:

Texts and Human Experience to assist students with consolidation and revision for the HSC. We have tried to cover most of the Common Module texts and have also included three sessions on the Craft of Writing.

Registration Closes Monday 11 February

Places Available: 2200

Cost: Students: \$49 (GST free) A Teacher accompanying a group of students (five or more) is free of charge. Members not accompanying students: \$150 (includes GST)

Event Contact: Shale Preston

Phone: 02 9572 6900

Email: events@englishteacher.com.au

Web: www.englishteacher.com.au

PROFESSIONAL ASSOCIATION FOR LEARNING SUPPORT

PALS Professional Development Day

Friday 22 February, 8.30am – 3.30pm

Venue: PTC NSW Training Rooms, CFCU Building, (Cnr Hall & Percy Streets), Auburn

Audience: Secondary teachers

Target Group: 7–12

KLA: All

Specialist Area: Learning Support, Disability Provision

in PTCNSW

Morning session – Two workshops

Workshop one: Let's Talk Adjustments

Presenter Marina Laing. This workshop will cover material presented in courses held by our association in previous years on the topic of Adjustments

Workshop two: Disability Provisions

Presenters Neal Crocker and Frida Hristofski

This course is designed to meet the needs of teachers making Applications and for those wishing to understand the process.

Afternoon session – YARC workshop

Presenters Annette Guterres and Joanne Raheb-Mol

Places Available: 80

Cost: To be advised

Registration Closes: Friday 15 February

Event Contact: PALS Office

Phone: 02 9716 0378

SOCIETY AND CULTURE ASSOCIATION NSW

Assessment HQ (Headquarters)

Friday 22 February, 8.30am – 3.15pm

Venue: Medcalf Theatre, State Library of NSW, Macquarie St, Sydney

Audience: Secondary teachers

Target Group: 11–12

KLA: HSIE

Specialist Area: Society and Culture

Suitable for beginning, experienced and teachers new to Society and Culture.

Sessions include:

Quality assessment: Stronger HSC Standards, common grade scales, changes to assessment, task design criteria and checklists

Differentiated assessment

Formative assessment in the Preliminary course

– samples across the course, T&L strategies

Panel – unpacking Preliminary assessments

Marking in the Preliminary course

Registration Closes: Friday 15 February (unless sold out prior)

Places Available: 120

Cost: \$150 Members

Event Contact: SCANSW Committee

Phone: 02 9716 0378 (PTC office)

Email: info@sca.nsw.edu.au

MATHEMATICAL ASSOCIATION OF NSW

2018 HSC Feedback and Advice Day

Saturday 23 February, 8.30am – 4.10pm

Venue: Macquarie University

Audience: Secondary Teachers

Target Group: 11–12

KLA: Mathematics

Specialist Area: Stage 6 (HSC)

This annual MANSW event will be presented by Senior Markers of the 2018 HSC Mathematics examinations. During the day feedback will be provided on each of the HSC Mathematics examinations. Participants will need to register for each session they plan to attend. Syllabus areas where students displayed strength of understanding and competence in the application of skills will be highlighted. Areas where students experienced lack of knowledge, skills and understanding will also be discussed. Participants will be given advice about teaching strategies that strengthen their students' ability to write coherent solutions under examination conditions.

Registration Closes: Thursday 21 February

Places Available: 500

Cost: Members Free, Non-members \$90 per session

Event Contact: Zina

Phone: 02 9715 5800

Email: events@mansw.nsw.edu.au

Web: www.mansw.nsw.edu.au

SCHOOL LIBRARY ASSOCIATION OF NSW

Immerse, Inspire, Imagine: Supporting Students as Readers and Writers

Saturday 23 February, 8.45am – 4.00pm

Venue: State Library of New South Wales, Macquarie St, Sydney

Audience: Primary and Secondary Teachers and Teacher Librarians

Target Group: K-12

KLA: Varied

Specialist Area: Teacher Librarianship

This is a full-day conference that explores how texts can be used by teachers and teacher librarians to engage students' imaginations, and immerse and inspire them to read and write. Specific attention will be given to the operation of the conference theme in both the primary and secondary stages, with reference made to the National Literacy Progressions.

Delegates will hear about the latest developments in textual forms, including Dr Khyiah Angel's use of augmented reality in her latest YA novel; Dr Cathy Sly addresses the development of critical

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

thinking skills in secondary students through the close analysis of graphic novels; Kylie Lawrence shares her collaborative work with teachers of STEAM in Year 4; Paula Madigan explores the key role of teacher librarians in supporting the new Stage 6 English Syllabus; Megan Perry presents ways the State Library's physical and digital collections can be used to immerse and inspire students to read and write creatively; Elizabeth Martin shares strategies with primary teachers to inspire reading in students; a panel of TLs discuss genrefying the school library's collections; and Dr Erica Southgate offers insight into her exploration of enhancing literacy through technology.

Participants are encouraged Bring Your Own Device (BYOD) to this event. Complimentary wifi is provided by the SLNSW.

Registration Closes: Wednesday 20 February

Places Available: 100

Cost: \$180 members, \$260 non-members

Event Contact: Kaylene Taylor (Secretary SLNSW)

Email: info@slansw.net.au

Web: www.slansw.net.au/conference1.html

MARCH

ECONOMICS AND BUSINESS EDUCATORS NSW

Teaching the Preliminary Course (Year 11) in Business Studies for the First Time?

Friday 1 March, 8.30am – 3.30pm

Venue: PTC NSW Training Rooms, 67-73 St. Hilliers Rr (Cnr Hall and Percy Sts) Auburn

Audience: Secondary Teachers, early career and accomplished

Target Group: 11-12

KLA: HSIE

Specialist Area: Business Studies

A course designed specifically for:

- beginning teachers and experienced teachers who are teaching the preliminary course (Year 11) Business Studies for the first time
- teachers who have already taught one of these courses in the past but need a refresher course
- teachers who intend to teach one of these courses in the near future.

This course will focus on NSW Education Standards Authority Preliminary (Year 11)

Business Studies syllabus and look at:

- effective teaching and learning strategies

designed to engage students

- programming ideas
- assessment procedures and techniques
- useful teaching and learning resources.

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

NSW ASSOCIATION OF FRENCH TEACHERS

Bac Blanc Day 1

Saturday 2 March, 8.45am – 4.30pm

**Venue: Sydney Secondary College,
Blackwattle Bay Campus, Taylor St, Glebe**

Audience: Secondary Teachers

Target Group: 11–12

KLA: Languages

Specialist Area: French

The aim of this workshop is for members of NAFT to work collaboratively to produce high quality HSC Trial Examinations for French Beginners, Continuers and Extension courses, as well as a Preliminary Examination for Continuers. Teachers work in small teams to select, create and use formal assessment strategies to assess student learning. To attend, members must submit sample material prior to the event so groups can develop a range of original and quality texts. Collegial discussions will be facilitated by a team leader, developing strong networks across different schools in NSW and the ACT.

Registration Closes: Monday 18 February

Event Contact: Jacquie Hilmer & Marion Rosen

Email: president@naft.org.au

Web: www.naft.org.au

MATHEMATICAL ASSOCIATION OF NSW

5 Practices for Orchestrating Productive Mathematics Discussions – Webinar

Tuesday 5 March – Session 1

Venue: Online

Audience: Primary and Secondary Teachers

Target Group: K–10

KLA: Mathematics

Join other teachers in an online 'book study' of 5 Practices for Orchestrating Productive Mathematics Discussions by Margaret S. Smith, Mary Kay Stein. This webinar takes place over four x 1 hour sessions looking at how productive mathematical discussions lead to students who can think, reason and engage effectively in quantitative problem solving, characteristics which are much needed but may not routinely emerge from our classrooms. This book study explores the five manageable practices—anticipating, monitoring, selecting, sequencing and connecting—which have the power to put teachers in control of discussions which are purposeful and effective. Productive discourse is not an accident. It requires planning: setting goals for instruction, selecting an appropriate task, asking good questions and holding students accountable. Learn how to promote mathematical conversations with your students through this very readable book, in discussion with other teachers in this online webinar.

Registration Closes: Friday 1 March

Places Available: 30

Cost: Members \$133; Non members \$198

Event Contact: Fiona Foley

Phone: 02 9715 5800

ECONOMICS AND BUSINESS EDUCATORS NSW

Teaching the Preliminary Course (Year 11) in Economics or Legal Studies for the First Time?

Wednesday 6 March, 8.30am–3.30pm

**Venue: PTC NSW Training Rooms, 67–73
St. Hilliers Rd (Cnr Hall & Percy Sts) Auburn**

Audience: Secondary Teachers, early career and accomplished

Target Group: 11–12

KLA: HSIE

Specialist area: Year 11 Preliminary Economics and Legal Studies

This course has been designed specifically for:

- beginning and experienced teachers who are teaching the preliminary course (Year 11) in Economics or Legal Studies for the first time

- teachers who have already taught one of these courses in the past but need a refresher
- teachers who intend to teach one of these courses in the near future.

This course will focus on the NESA Legal Studies and Economics Preliminary (Year 11) syllabuses and look at:

- effective teaching and learning strategies, based on the current NESA Economics and Legal Studies syllabuses
- programming ideas
- assessment procedures and techniques
- useful teaching and learning resources.

The course will be presented by experienced teachers who will share their own experiences during their challenging early years of teaching and how they coped.

Registration Closes: See EBE NSW website

Places available: 75

Cost: Member \$75, Non member \$150,

Concessional member \$25

MATHEMATICAL ASSOCIATION OF NSW

Place Value and Patterns K-3

Wednesday 6 March, 8.30am – 3.30pm

**Venue: PTC NSW Professional Learning
Rooms, 67-73 St Hilliers Rd, (Cnr Hall and
Percy Sts) Auburn**

Audience: Primary Teachers

Target Group: K–6

KLA: Mathematics

In this one-day workshop, participants will explore critical aspects of teaching Place Value and Patterns in K–3 Classroom. Using innovative research from Angela Rodgers and Jo Mulligan make and share resources, and explore effective teaching strategies and practical ideas for teaching these essential concepts. Explore strategies which facilitate the teaching and learning of isolated skills and enable the early abstractions and generalisation of ideas for young children in a way that promotes deep mathematical thinking.

Registration Closes: Wednesday 27 February

Places Available: 30

Cost: Members \$185; Non members \$258

Event Contact: Fiona Foley

Phone: 02 9715 5800

ICT EDUCATORS NSW

New Digital Technologies – South Coast

Monday 11 March, 8.30am – 4.00pm

Venue: Merimbula Public School, 47-55 Main St, Merimbula

Audience: Primary and Secondary Teachers

Target Group: 5-8

Specialist Area: Science and Technology

Overview of the new Digital Technologies

Curriculum with a NSW focus

This workshop will include:

- Case studies showcasing existing practice, and school-wide scope & sequence, incorporating ACA resources
- Hands-on experiences with free, classroom-ready resources that target the Digital Technologies curriculum
- Introduction to various programming tools available, including visual and text-based programming, and object-oriented approaches.
- Blockly and Python programming, covering coding aspects of years 5-6 and 7-8 curriculum, focusing on defining and decomposing real-world problems, designing algorithms and implementing programs

Registration Closes: Monday 4 March

Cost: Members \$70 BYO device

TECHNOLOGY EDUCATORS ASSOCIATION NSW

TexStyle: Inspire, Innovate, Create – Student Seminars

Tuesday 12 to Friday 15 March, Sessions commence 9.00am, 10.45am & 12.30pm

Venue: The Muse, Harris Street Ultimo

Audience: Secondary Students

Target Group: 11-12

KLA: Technology

Specialist Area: Stage 6 Textile and Design

Student seminars will focus on the development and production of the Major Textiles Project, with a focus on proficiency, creativity and innovation in relation to the Stage 6 Textiles and Design Syllabus and Marking Guidelines.

A representative from the Fashion Design Studio will provide students with tips and hints for the development of high-quality, successful folios. Students will have the opportunity to view and analyse the exhibition showcasing the 2018 Textiles and Design HSC MTP Works of Excellence. At the conclusion of the seminar, interested student groups will be able to take a tour of the Fashion Design Studio. This will need to be indicated at the time of booking.

School groups visiting Texstyle can also visit Shape 2018 at the Powerhouse Museum, Museum of Applied Sciences, Ultimo. Admission is free for school groups but bookings are essential [<https://maas.museum/learn/plan-a-group-visit/#self-directed/>]

Cost: \$20 per student for seminars. Teachers attending with students are free of charge

\$5 per student - exhibition only

Building Number Sense K–6

Wednesday 13 March, 8.30am – 3.30pm

Venue: PTC NSW Professional Learning Rooms, 67–73 St Hilliers Rd, (Cnr Hall and Percy Sts) Auburn

Audience: Primary Teachers

Target Group: K-6

KLA: Mathematics

Building Number Sense K-6 will be exploring efficient instructional practices that build connections around number for students. We will look at the 'Why' behind the mathematics needed to help students build connections with conceptual understandings in number. Participants explore programming and planning options to support classroom teachers organise number sense activities around 'big ideas.' The focus on problem solving, communication and reasoning provides cohesive learning opportunities for students to explore concepts in depth. Using 'big ideas' enables students to make links and connections to different concepts to overcome misconceptions and misunderstandings. Taking time to look at useful research-based strategies and resources, participants take home classroom ready ideas to add to their teaching 'toolbox' that build number sense to support struggling students in the K-6 classroom. A practical hands-on session!

Registration Closes: Thursday 7 March

GEOGRAPHY TEACHERS ASSOCIATION NSW

Webinar: Local geographies and the SGP

Thursday 21 March, 4.00pm – 5.00pm

Venue: Online

Audience: Primary and Secondary teachers

Target Group: 5–12

KLA: HSIE

Specialist Area: Geography

Why do we predominantly use someone else's local area for our case studies? How often do you use your local areas as the focus of your case studies? A closer examination of local area builds geographical relevance, hopefully inspires interest in an SGP of active geographical citizenship and could boost student numbers. This approach may shift Google based research into the realm of deeper geographical understanding, but it needs to start before Year 11. This webinar draws on a range of secondary and primary resources of a selection of 'local' areas.

Registration Closes: Monday 18 March

Places Available: 90

Cost: Members and Non Members \$20

MATHEMATICAL ASSOCIATION OF NSW

Building the M in STEM

Thursday 21 March, 8.30am – 3.30pm

Venue: Wollongong

Audience: Primary Teachers

Target Group: K–6

KLA: Mathematics

This one-day course, explores the why, how and what of the M in STEM and planning for 'big picture' investigations, particularly the measurement and data strands where the outcomes are explored, evidenced and evaluated in student learning. Participants review inquiry learning and efficient questioning strategies that encompass the 'big ideas' of mathematics and build mathematical reasoning. Investigating how to map and track outcomes as part of inquiry-based learning and teaching strategies, participants delve into what evidence of assessment in mathematics looks like in STEM.

LSA State Conference 2019

**Thursday 28 March & Friday 29 March,
8.30am – 3.50pm daily**

**Venue: Rydges Hotel, 116 James Ruse
Drive, Rosehill**

Audience: Secondary teachers

Target Group: 10–12

KLA: HSIE

Specialist Area: Legal Studies

Our Annual Conference is a major event held
to support Legal Studies teachers, please
note that places are limited and so we advise
teachers to register early

L.S.A. members from all over NSW come to
hear a wide range of speakers and engage in
different practical workshops.

The Conference aims to provide a mix of
academic, professional and practical speakers
as well as teaching and learning workshops.

These are joined by a range of exemplary
teaching practitioners who are happy to share
their experience and expertise with members

**Registration Closes: Wednesday 6 March
unless sold out earlier**

Places Available: 280

Cost: Members \$330

Event Contact: Julie Gleeson

MATHEMATICAL ASSOCIATION OF NSW

Teaching with Technology – Geogebra and Excel

Fridays 29 March & 17 May, 8.30am–3.30pm

**Venue: PTC NSW Training Rooms,
Cnr Hall and Percy Sts, Auburn**

Audience: Secondary Teachers

Target Group: 7–12

KLA: Mathematics

Specialist Area: Secondary Mathematics

This 2 x one-day course will explore the use
of appropriate technology (Geogebra and
Excel) to enhance the teaching and learning of
mathematics in the secondary classroom. The
emphasis is on teaching for transformational
learning and in creating student-centred
activities rather than using technology simply
as a demonstration tool. No prior knowledge of
Geogebra or Excel is required but the course
is also suited to those who may have had
some prior exposure to these applications. The
course will teach the use of these applications
through a series of hands-on tasks as well as

opportunities to develop and trial participants'
own lesson plans with other participants.

Registration Closes: Friday 22 March

Places Available: 30

Cost: Member \$402, Non-member \$579

Event Contact: Zina

Phone: 02 9715 5800

SCIENCE TEACHERS ASSOCIATION NSW

BEEIS Conference 2019

**Friday 29 & Saturday 30 March,
8.00am – 6.30pm**

Venue: Macquarie University, North Ryde

Audience: Secondary teachers

Target Group: 7–12

KLA: Science

Specialist Area: Biology, Earth and Environmental
Sciences

The Biology, Earth and Environmental Science
and Investigating Science (BEEIS) Teachers
Conference will again be held at Macquarie
University, we have expanded the event to
a two-day program with a focus on the new
Year 12 courses to provide tips and insight
into developing engaging teaching programs
and classroom activities. Participants have the
opportunity to share ideas and network with
other teachers. Separate workshop streams will
be held in Biology, EES, Investigating Science,
Science Extension and 7-10 Science. On
Saturday (30 March) there will be a separate
program stream for Primary teachers addressing
the new Science & Technology Syllabus.

Registration Closes: Tuesday 19 March

Places Available: 300

Cost: Members discounts available

Non Members 1 Day - \$380, 2 Days - \$470

Student Members 1 Day - \$80, 2 Days - \$110

MATHEMATICAL ASSOCIATION OF NSW

K-8 Conference – Getting Reasoning Right: Reasoning Beyond Explaining

Saturday 30 March, 8.45am – 5.00pm

**Venue: Bankstown Sports Club,
8 Greenfields Parade, Bankstown**

Audience: Primary and Secondary teachers

Target Group: K–8

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

KLA: Mathematics

Specialist Area: K–10 Mathematics Syllabus

Dr Paul Swan is the opening keynote speaker. Reasoning – the “glue that holds everything together” Kilpatrick et al (2001: 129) speak of Reasoning as the glue that holds the curriculum together. In this keynote Paul will use examples from the different content areas and different Year levels and illustrate the key features of Reasoning Proficiency that glue the curriculum together. He will also address the arguments that we don't have enough time for reasoning and that reasoning is only for the smart students. Paul works with teachers and school leaders to improve the teaching of mathematics.

Registration Closes: Friday 29 March

NSW ASSOCIATION OF FRENCH TEACHERS

Bac Blanc Day 2

Saturday 30 March, 8.45am – 4.30pm

Venue: Sydney Secondary College, Blackwattle Bay Campus, Taylor St, Glebe

Audience: Secondary Teachers

Target Group: 11–12

KLA: Languages

Specialist Area: French

This event is a follow-up to Bac Blanc Day 1 (2 March) and is offered to experienced teachers, by invitation only. Their task is edit and modify a set of Trial HSC examinations for Beginners, Continuers and Extension and Preliminary Continuers French that were created at the first workshop. In so doing, they will ensure that these assessment tasks are valid and will support consistent and comparable judgement of student learning. The teachers invited will work in small teams and collegial discussion will be an integral part of the process.

SCIENCE TEACHERS ASSOCIATION NSW

STANSW Primary Teachers Conference

Saturday 30 March, 8.30am – 3.30pm

Venue: Macquarie University, North Ryde

Audience: Primary teachers

Target Group: K–6

KLA: Science

Primary Teachers come along to share science learning opportunities with like-minded teachers. Lots of great workshops to provide inspiration and new ideas for teaching primary science with an inquiry approach. Also opportunities are provided to unpack the new syllabus and discuss how that will impact on you and your programming. MAKING SCIENCE AND TECHNOLOGY TEACHING GREAT. This presentation unpacks essential elements in quality Science and Technology teaching using evidence based on research completed by UTS and commissioned by AISNSW. Participants explore what is 'best practice' in creating a unit of learning that not only meets syllabus requirements but helps students develop critical thinking, creativity and problem-solving skills.

SEEDING STUDENTS' THINKING: Addressing science skills and knowledge outcomes in an integrated curriculum.

DESTINATION MOON: Ideas for teaching the 2019 National Science Week topic. Discover and share ideas for teaching primary students about exploration of the moon. From past missions to current challenges, there are a variety of hands-on experiments and project-based learning lessons to consider addressing the National Science Week topic.

FUN, CHEAP AND EASY ELECTRIC CIRCUITS FOR PRIMARY SCHOOLS. In light of the new Science & Technology K-6 Syllabus, this hands-on workshop sources cheap yet sophisticated electrical components for studying electrical energy, technological systems and STEM projects. Participants make basic circuits integrated into 3D spaces, as products and solutions to identified problems. Explicit links to Working Scientifically, Design and Production, Design Thinking and Systems Thinking are highlighted.

Registration Closes: Friday 22 March

HISTORY TEACHERS' ASSOCIATION OF NSW

HTA Conference - Wagga Wagga

Friday 17 May, 8.30am – 4.00pm

Venue: Wagga Wagga

Audience: Secondary teachers

Target Group: 7-12

KLA: HSIE

Specialist Area: History

The four main purposes for this conference:

- to support regional teachers in their implementation of the new NSW History Syllabus 7-10;
- to support teachers in their delivery of the senior history courses – Modern, Ancient;
- to provide opportunities for teachers to engage with colleagues and subject specialists to broaden their knowledge and improve their practice;

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

iv) to build capacity for professional learning within the regions by modelling quality presentations, providing opportunities for local teachers to present and receive feedback on their presentations, and by encouraging local teachers to establish networks to support further professional learning within their region.

The day has been designed to allow teachers to select sessions that best meet their interests and needs in relation to the pedagogy underpinning the new syllabus, teaching and learning strategies and resources, print and digital, related to new syllabus content including programming. This day will also include sessions on the new senior History syllabuses.

Registration Closes: Friday 10 May

Places Available: 50

Cost: Members \$150

ENGLISH TEACHERS ASSOCIATION NSW

HSC English Extension 1 Student Day

Sunday 19 May, 9.30am – 2.45pm

**Venue: Newington College,
200 Stanmore Rd, Stanmore**

Audience: Secondary teachers and students

Target Group: 11–12

KLA: English

Specialist Area: HSC Extension 1

Plenary: The Common Module: Students will be given an overview of the Extension 1 course with a specific focus on the Common Module: Literary Worlds.

Electives: Students will divide into their electives and presenters will explore how the prescribed texts represent the key features of each elective and offer suggestions for related texts for students to consider. Presenters will also explore the types of questions which could be required in the 2019 HSC and how to attack the questions, select the best evidence and write convincing and effective responses.

Registration Closes Wednesday 8 May

Places Available: 1000

Cost: Students \$49. The students' Extension class teacher is free of charge. Members \$135

Event Contact: Shale Preston

Phone: 02 9572 6900

Email: events@englishteacher.com.au

SCIENCE TEACHERS' ASSOCIATION OF NSW

STANSW Meet the Markers

Saturday 25 May, 8.15am – 4.00pm

Venue: To be confirmed

Audience: Secondary Teachers

Target Group: 11–12

KLA: Science

Specialist Area: Chemistry, Physics, Investigating Science, Depth Studies and Science Extension

One of the most sought after avenues for teacher professional learning is to participate in marking the Higher School Certificate examinations and/or VALID. This professional Learning Activity is designed for those who cannot be involved in marking. Over the past few years this activity has been well received and attended by more than 300 teachers each year.

In 2019 there will be an added focus on preparing assessment for the new Year 12 Stage 6 syllabuses, depth studies and Science Extension.

Registration Closes: Thursday 16 May

Places available: 350
Cost: Members \$245, Non Member \$365,
Event Contact: Visnja Aw
Phone: 02 9763 2751

ENGLISH TEACHERS ASSOCIATION NSW

2019 Annual Conference:

Passion to Practice #P2P

**Friday 31 May & Saturday 1 June,
8.30am – 4.00pm**

**Venue: University of NSW,
Anzac Parade, Kensington**

Audience: Secondary teachers

Target Group: 7–12

KLA: English

An English teacher is always evolving, becoming, aspiring. Like the English teacher, our discipline is constantly developing, with different provocative questions to be explored and debated. What remains constant are the conceptual understandings that are at the core of English and our love of the subject. Whether as beginning or experienced teachers, we can maintain our passion and be renewed through the conversations that are part of professional learning events.

The focus for this conference is: How can we pass on our passion for English to our colleagues and to our students through our practice?

Teaching approaches: realising enthusiasm
Strategies for ECT teachers

Teaching standards: guiding practice, mentoring and leadership

Concepts: from theory to practice 7–12

HSC: all courses including English Studies, Extension and EAL/D

Registration Closes: Tuesday 21 May

Places Available: 600
Cost: Early Bird rate 2 Days – Members \$450, Non members \$525. Student teacher \$250
Event Contact: Shale Preston

THE MATHEMATICAL ASSOCIATION OF NSW

Building the M in STEM

Wednesday 5 June, 8.30am – 3.30pm

Venue: Newcastle

Audience: Primary Teachers

Target Group: K–6

KLA: Mathematics

Throughout the one-day course, participants will explore the why, how and what of the M in STEM and planning for 'big picture' investigations, particularly the measurement and data strands where the outcomes are explored, evidenced and evaluated in student learning. Participants will review inquiry learning and efficient questioning strategies that encompass the 'big ideas' of mathematics and build mathematical reasoning. Investigating how to map and track outcomes as part of inquiry-based learning and teaching strategies, participants will delve into what evidence of assessment in mathematics looks like in STEM.

Registration Closes: Wednesday 29 May

Places Available: 30

Cost: Members \$185; Non members \$258

Event Contact: Fiona Foley

Phone: 02 9715 5800

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

THE MATHEMATICAL ASSOCIATION OF NSW

Fractions, Decimals and Percentages – Stages 1 to 4

Wednesday 12 June, 8.30am – 3.30pm

Venue: PTC NSW Training Centre, 67–73 St Hilliers Rd, (Cnr Hall & Percy Sts), Auburn

Audience: Primary and Secondary Teachers

Target Group: K–8

KLA: Mathematics

“What do I teach?” and “How do I teach it?” – this workshop will give teachers and opportunity to explore how students can learn to work with fractional parts. Participants will investigate effective and efficient research-based strategies for teaching fractions, decimals and percentages. The workshop provides teachers with an understanding of the sequence for teaching fractions, decimals and percentages to students. The workshop will have practical hands-on activities with a ‘classroom ready’ focus for Stages 1–4 (Years 1–8).

Registration Closes: Wednesday 5 June

Places Available: 30

Cost: Members \$185, Non members \$258

Event Contact: Fiona Foley

Phone: 02 9715 5800

MATHEMATICAL ASSOCIATION OF NSW

Building Number Sense K–6

Thursday 13 June, 8.30am – 3.30pm

Venue: PTC NSW Training Centre, 67–73 St Hilliers Rd, (Cnr Hall & Percy Sts) Auburn

Audience: Primary Teachers

Target Group: K–6

KLA: Mathematics

Building Number Sense K–6 will be exploring efficient instructional practices that build connections around number for students. We will look at the ‘Why’ behind the mathematics needed to help students build connections with conceptual understandings in number. Participants will explore programming and planning options to support classroom teachers organise number sense activities around ‘big ideas.’ The focus on problem solving, communication and reasoning will provide cohesive learning opportunities for students to explore concepts in depth. Using ‘big ideas’ enables students to make links and connections to different concepts to overcome misconceptions and misunderstandings. Taking time to look at useful research-based strategies and resources, participants will take home classroom ready ideas to add to their teaching ‘toolbox’ that build number sense to support struggling students in the K–6 classroom. A practical hands-on session!

Registration Closes: Thursday 6 June

Places Available: 30

Cost: Members \$185; Non members \$258

Event Contact: Fiona Foley

Phone: 02 9715 5800

AUSTRALIAN COUNCIL OF HEALTH, PHYSICAL EDUCATION & RECREATION NSW

Quality Assessment in CAFS

Tuesday 18 June, 8.30am – 4.30pm

Venue: Teachers Federation Building, Reservoir St, Surry Hills

Audience: Secondary teachers

Target Group: 11–12

KLA: PDHPE

Specialist Area: Stage 6 CAFS

Participants will explore the NESA exam setting and marking process, gain a better understanding of the judging and moderation process, as well as participate in simulated HSC marking.

As a result of participating in this workshop, participants will have:

- increased consistency and more confidence in making professional judgments in marking Groups in Context and Parenting and Caring of the HSC course
- greater knowledge and understanding of what is important in teaching Groups in Context and Parenting and Caring of the HSC course
- greater awareness of support for teaching of Stage 6 CAFS.

JULY

SCIENCE TEACHERS ASSOCIATION NSW

HSC Science Advantage –

Pre Exam Workshops

Thursday 12 & Friday 13 July,

8.00am – 4.30pm

**Venue: Guthrie Theatre, Building 6,
University of Technology, Ultimo**

Audience: Secondary Teachers and Students

Target Group: 11-12

KLA: Science

Specialist Area: HSC Exam Prep

For more than ten years STANSW has successfully run abridged versions of this program across regional centres in NSW with great responses from both students and teachers. In 2018 we are excited to be hosted by University of Technology Sydney!

STANSW continues to bring this event to Sydney, offering an expanded program in each science subject to incorporate extended responses, mandatory investigations and tips and tricks to produce band 6 answers in your HSC exams.

Get tips from the experts and give yourself the best chance of succeeding in the HSC. Unlike many of the commercial providers, our presenters are science teachers who have current experience and involvement in the HSC marking process.

Registration Closes: Saturday 15 June

Cost: Students \$40 per day, Member Teacher \$90, Non Member \$130

Event Contact: STANSW Office

PROFESSIONAL LEARNING FOR TEACHERS – TERMS 1 & 2 2019

A new approach to Professional Learning in schools

The Professional Teachers' Council of NSW (PTC NSW) is proud to present a new Professional Learning initiative called PTCplus. The PTCplus professional learning model provides tailor-made professional learning experiences for schools, designed by teachers, presented by teachers to teachers in schools.

All member associations will be supported by this model as all curriculum delivered PL will be provided via member associations. PTCplus will actively promote the work of member associations; the value of teacher membership and the semester calendar of PL events available beyond the school.

Briefly PTCplus in partnership with each individual school will:

- establish a school based Professional Learning Centre/community which will host a wide range of NESA accredited courses across all three career stages; Proficient; Highly Accomplished and Lead
- design and deliver specific curriculum PL experiences, in partnership with PTC NSW member associations, based on each individual school's needs
- provide all secretariat support required to organise PL experiences
- support your preferred casual teachers participating in PL events attracting NESA accreditation.
- provide access to a growing panel of professional consultants across a broad range of expertise including: Student Leadership; Governance; Compliance; Mindfulness; Thriving and Surviving in Education, Leadership.

The Professional Teachers' Council of NSW is very excited about the PTCplus model of NESA accredited professional learning and feel that the quality, range and suitability of professional learning events, at a sustainable level of fee for service, based in School is an attractive service. PL designed by teachers, presented by teachers to teachers in your school based on your school's needs.

Should you require additional information, or wish to book an information briefing to explore what PTCplus has to offer, please contact the PTC NSW office – admin@ptc.nsw.edu.au or 02 9716 0378.

Welcome to the PTC NSW Training Facilities

The new Professional Teachers' Council NSW office facilities provide quality professional training rooms for the use of our member associations. Conveniently located within walking distance from Auburn Station, bus and car access via the M4 and Parramatta Road. The spaciousness of the offices allows PTC NSW and the member associations of English, Mathematics, Science, and Geography to work side by side in a professional and collegial environment. Serviced offices and training rooms, with quality fitouts provide a professional presentation for all member associations to access for PD events, casually for meetings or temporary work spaces. Within our new location we have a number of flexible spaces that can be utilised by member associations, including access to meeting rooms, break out spaces and a 120 seat auditorium! Call 02 9716 0378 or admin@ptc.nsw.edu.au to discuss your association's requirements.

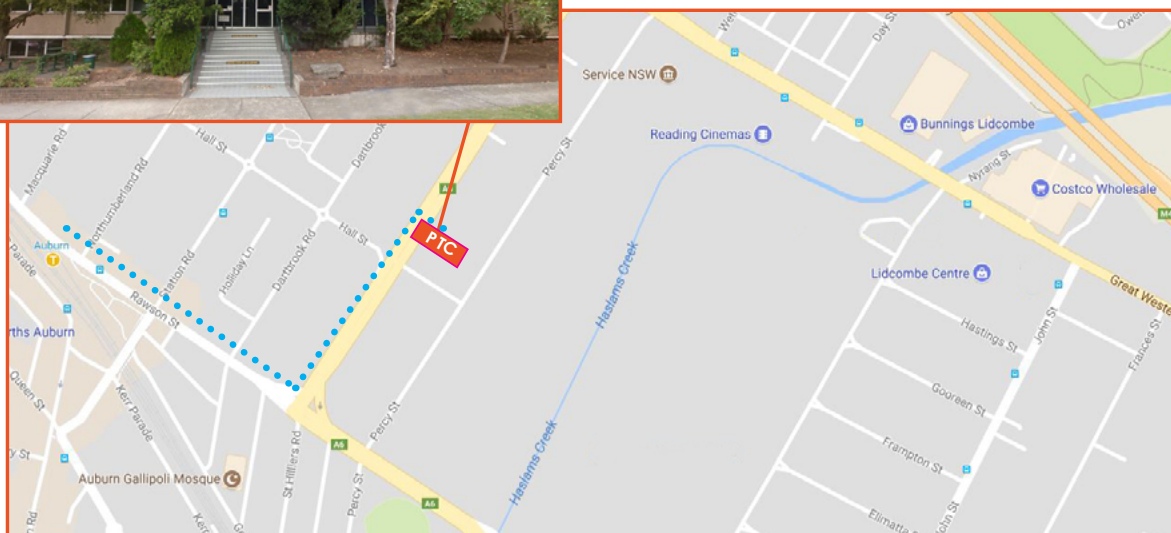

Services available @ PTC NSW

- high speed connectivity via NBN
- natural light
- flexible secure access
- ample street and local area free parking
