The Hon. Sarah Mitchell
Minister for Education and Early Childhood

Dear Minister

We are writing in support of the Professional Teachers' Council NSW (PTC NSW). PTC has consistently provided targeted professional development opportunities for teachers across NSW. These development opportunities are of rigorous content and of the highest standard. They have contributed to the quality of teaching standards and to student outcomes, across NSW. PTC NSW has been particularly effective in providing these services across regional NSW.

We were disheartened to see the discontinuation of The Professional Teacher's Council's accreditation, after such a long term of distinguished service and without proper community consultation.

We feel that it is important to allow the continuation of this non-partisan, teacher created, teacher presented, teacher assessed development platform; and we strongly urge you to reverse your decision and to enable a process of registration in order to allow PTC NSW to continue its long history as a professional development provider.

Sincerely,

Nadine Manion
President ANATS NSW
